

July 2022

Dear Parents / Carers,

As part of our Science Topic in the first half term after the summer break, Year 6 will be taking part in a Space exploration day on Friday September 9th 2022. As part of the day, we have booked a virtual reality space workshop with Education Group.

The children will experience tasting rehydrated food, designing a space survival kit, rocket experiments, trying some astronaut training exercises and creating space themed art. (If you would like further details then please visit the website <https://www.educationgroup.co.uk/workshops/space>) If your child has any allergies, please inform us.

The children are invited to bring in a bag containing items to dress up. Suggested ideas include: aliens, astronauts, planets or anything else space themed. Children are expected to arrive and leave school in full school uniform.

We are asking for a contribution of £6.20 per pupil to cover the cost of the workshop, which should be paid via your ParentPay account. If you have any concerns about using ParentPay or financial concerns, please speak to the Office. Please ensure that the permission slip below is signed and returned to your child's class teacher and payment is made **by Monday September 5th**.

Thank you for your continued support and we hope that the children will have an unforgettable experience.

Yours sincerely,

Year 6 Team

Year 6 Space Workshop

Child's Name Class.....

I do / do not* give permission for my child to participate in the Virtual Reality workshop on Friday September 9th 2022 * (*please delete as appropriate).

I have paid my contribution of £6.20 via Parent Pay (please tick)
